COMMENTS: This was a meeting held for the community to explore what is wanted or needed in Angwin. The principal speakers were Paul Zykofsky, and Ken Scott.

They are involved in the kind of activities which Local Area Formation Committees work and were here to begin to work through the plans which Pacific Union College and Triad are putting together.

They discussed the plans for developing the wishes of Angwin residents and to answer questions. Approximately one hour was given for questions and answers. There were about 100 present and many spoke regarding their feelings about the proposed development.
